SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY

Product Identifier
Product Name: Carbon Dioxide (Liquid)
Synonyms: CO₂
Intended Use of the Product: Not available

Name, Address, and Telephone of the Responsible Party
Company:
Pryor Chemical Company
4463 Hunt Street Mid America Industrial Park
Pryor, OK 74361
T (918) 825-9000 – F (918) 824-1181
Emergency Telephone Number
Emergency number: (918) 825-9000, (800) 424-9300 (CHEMTREC, 24 hours)

SECTION 2: HAZARDS IDENTIFICATION

Classification of the Substance or Mixture
Classification (GHS-US)
Simple Asphyxiation: H380
Refrigerated liquefied gas: H281

Label Elements
GHS-US Labeling
Hazard Pictograms (GHS-US): 

Signal Word (GHS-US): Warning
Hazard Statements (GHS-US):
H281 - Contains refrigerated gas; may cause cryogenic burns or injury
H380 - May displace oxygen and cause rapid suffocation
Precautionary Statements (GHS-US):
P282 - Wear cold insulating gloves/face shield/eye protection.
P315 - Get immediate medical advice and attention.
P336 - Thaw frosted parts with lukewarm water. Do not rub affected area.
P403 - Store in a well-ventilated place.

Other Hazards
Other Hazards Not Contributing to the Classification: Exposure may aggravate those with pre-existing eye, skin, or respiratory conditions. Asphyxiant gas, can be fatal. May cause damage to the blood, central nervous system, and cardiovascular system. High concentrations of gas can cause unconsciousness and death. Being under the influence of alcohol may enhance the effects of this product.

Unknown Acute Toxicity (GHS-US): Not available

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Substances
Mixture
Name | Product identifier | % (w/w) | Classification (GHS-US)
--- | --- | --- | ---
Carbon dioxide | (CAS No) 124-38-9 | 100 | Simple Asphyxiation, H380
Compressed gas, H280

Full text of H-phrases: see section 16
SECTION 4: FIRST AID MEASURES

Description of First Aid Measures

General: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). If frostbite or freezing occurs, immediately flush with plenty of lukewarm water to GENTLY warm the affected area. Do not use hot water. Do not rub affected area. Get immediate medical attention.

Inhalation: When symptoms occur: go into open air and ventilate suspected area. Remove to fresh air and keep at rest in a position comfortable for breathing. Call for medical assistance if you feel unwell.

Skin Contact: Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation persists. Thaw frosted parts with lukewarm water. Do not rub affected area.

Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if irritation persists.

Ingestion: Rinse mouth. Do NOT induce vomiting. Get immediate medical attention.

Most Important Symptoms and Effects Both Acute and Delayed

General: May cause frostbite on contact with the liquid. Carbon dioxide is an asphyxiant. Lack of oxygen can be fatal.

Inhalation: Gas can be toxic as a simple asphyxiant by displacing oxygen from the air. Asphyxia by lack of oxygen: risk of death. May cause drowsiness or dizziness. May result in unconsciousness.

Skin Contact: Contact with the liquid may cause cold burns/frostbite.

Eye Contact: This gas is non-irritating; but direct contact with liquefied/pressurized gas or frost particles may produce severe and possibly permanent eye damage from freeze burns.

Ingestion: Ingestion is not considered a potential route of exposure. Non-irritating; but solid and liquid forms of this material and pressurized gas may cause freeze burns.

Chronic Symptoms: Not available

Indication of Any Immediate Medical Attention and Special Treatment Needed

If exposed or concerned, get medical advice and attention.

SECTION 5: FIREFIGHTING MEASURES

Extinguishing Media

Suitable Extinguishing Media: Use extinguishing media appropriate for surrounding fire.

Unsuitable Extinguishing Media: Do not use a heavy water stream. Use of heavy stream of water may spread fire.

Special Hazards Arising From the Substance or Mixture

Fire Hazard: Not flammable.

Explosion Hazard: Product is not explosive.

Reactivity: Hazardous reactions will not occur under normal conditions.

Advice for Firefighters

Precautionary Measures Fire: Exercise caution when fighting any chemical fire.

Firefighting Instructions: Use water spray or fog for cooling exposed containers. In case of major fire and large quantities: Evacuate area. Fight fire remotely due to the risk of explosion, due to pressure build-up of closed containers.

Protection During Firefighting: Do not enter fire area without proper protective equipment, including respiratory protection.

Hazardous Combustion Products: Carbon oxides (CO, CO₂).

Other information: Do not allow run-off from fire fighting to enter drains or water courses.

Reference to Other Sections

Refer to section 9 for flammability properties.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

General Measures: Avoid breathing (vapors, mist, spray, gas). Use only outdoors or in a well-ventilated area. Ruptured cylinders may rocket. Do not allow product to spread into the environment.

For Non-Emergency Personnel

Protective Equipment: Use appropriate personal protection equipment (PPE).

For Emergency Personnel

Protective Equipment: Equip cleanup crew with proper protection.
Carbon Dioxide (Liquid)
Safety Data Sheet
According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

**Emergency Procedures:** Ventilate area.

**Environmental Precautions**
Prevent entry to sewers and public waters. Avoid release to the environment.

**Methods and Material for Containment and Cleaning Up**

**For Containment:** Notify authorities if liquid enters sewers or public waters.

**Methods for Cleaning Up:** Clean up spills immediately and dispose of waste safely. Isolate area until gas has dispersed. Use water spray to disperse vapors. Contact competent authorities after a spill.

**Reference to Other Sections**
See section 8, Exposure Controls and Personal Protection.

#### SECTION 7: HANDLING AND STORAGE

**Precautions for Safe Handling**

**Additional Hazards When Processed:** Do not pressurize, cut, or weld containers. Do not puncture or incinerate container. Liquid gas can cause frost-type burns.

**Hygiene Measures:** Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work. Do no eat, drink or smoke when using this product.

**Conditions for Safe Storage, Including Any Incompatibilities**

**Technical Measures:** Comply with applicable regulations.

**Storage Conditions:** Store in a dry, cool and well-ventilated place. Keep container closed when not in use. Keep container tightly closed. Keep/Store away from extremely high or low temperatures, incompatible materials. Store in original container.

**Incompatible Materials:** Strong oxidizers, and corrosive atmospheres, reactive metals.

**Storage Temperature:** <52 °C (<125°F)

**Specific End Use(s)**
Not available

**Exposure Controls**

**Appropriate Engineering Controls:** Ensure adequate ventilation, especially in confined areas. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure all national/local regulations are observed.

**Personal Protective Equipment:** Protective goggles. Protective clothing. Respiratory protection of the dependent type. Insulated gloves.

**Materials for Protective Clothing:** Chemically resistant materials and fabrics.

**Hand Protection:** Insulated neoprene gloves.

**Eye Protection:** Chemical goggles or face shield.

**Skin and Body Protection:** Not available

**Respiratory Protection:** In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear a self contained breathing apparatus (SCBA).

**Thermal Hazard Protection:** Wear suitable protective clothing.

**Other Information:** When using, do not eat, drink or smoke.
Carbon Dioxide (Liquid)

Safety Data Sheet
According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Information on Basic Physical and Chemical Properties

Physical State: Gas or liquid.
Appearance: Clear, colorless gas, liquefied compressed gas
Odor: Odorless
Odor Threshold: Not available
pH: Not available
Relative Evaporation Rate (butylacetate=1): Not available
Melting Point: Not available
Freezing Point: Not available
Boiling Point: -78.5 °C (-109.3°F) (760mmHg) Sublimes
Flash Point: Not available
Auto-ignition Temperature: Not available
Decomposition Temperature: Not available
Flammability (solid, gas): Not available
Lower Flammable Limit: Not available
Upper Flammable Limit: Not available
Vapor Pressure: 830 mm Hg psig
Relative Vapor Density at 20 °C: 1.522 (Air=1)
Relative Density: Not available
Density: Not available
Specific Gravity: Not available
Solubility: Soluble.
Viscosity: Not available
Explosion Data – Sensitivity to Mechanical Impact: Not available
Explosion Data – Sensitivity to Static Discharge: Not available

SECTION 10: STABILITY AND REACTIVITY

Reactivity: Hazardous reactions will not occur under normal conditions.
Chemical Stability: Stable at standard temperature and pressure.
Possibility of Hazardous Reactions: Hazardous polymerization will not occur.
Conditions to Avoid: Extremely high or low temperatures. Incompatible materials.
Incompatible Materials: Strong oxidizers, reactive metals, and corrosive atmospheres.
Hazardous Decomposition Products: Carbon oxides (CO, CO₂)

SECTION 11: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects - Product

Acute Toxicity: Not classified
LD₅₀ and LC₅₀ Data: Not available
Skin Corrosion/Irritation: Not classified
Serious Eye Damage/Irritation: Not classified
Respiratory or Skin Sensitization: Not classified
Germ Cell Mutagenicity: Not classified
Teratogenicity: Not available
Carcinogenicity: Not classified
Specific Target Organ Toxicity (Repeated Exposure): Not classified
Reproductive Toxicity: Not classified
Specific Target Organ Toxicity (Single Exposure): Not classified
Aspiration Hazard: Not classified
Carbon Dioxide (Liquid)
Safety Data Sheet
According to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Symptoms/Injuries After Inhalation: Gas can be toxic as a simple asphyxiant by displacing oxygen from the air. Asphyxia by lack of oxygen: risk of death. May cause drowsiness or dizziness. May result in unconsciousness.

Symptoms/Injuries After Skin Contact: Contact with the liquid may cause cold burns/frostbite.

Symptoms/Injuries After Eye Contact: This gas is non-irritating; but direct contact with liquefied/pressurized gas or frost particles may produce severe and possibly permanent eye damage from freeze burns.

Symptoms/Injuries After Ingestion: Ingestion is not considered a potential route of exposure. Non-irritating; but solid and liquid forms of this material and pressurized gas may cause freeze burns.

**Mobility in Soil**  Not available

**Other Adverse Effects**

Other adverse effects: Can cause frost damage to vegetation.

**Other Information**: Avoid release to the environment.

**SECTION 13: DISPOSAL CONSIDERATIONS**

**Waste Disposal Recommendations**: Gas will dissipate in air. Dispose of other waste material in accordance with all local, regional, national, provincial, territorial and international regulations.

**Additional Information**: Empty gas cylinders should be returned to the vendor for recycling or refilling.
**SECTION 14: TRANSPORT INFORMATION**

14.1 In Accordance with DOT

**Proper Shipping Name:** CARBON DIOXIDE, REFRIGERATED LIQUID  
**Hazard Class:** 2.2  
**Identification Number:** UN2187  
**Label Codes:** 2.2  
**ERG Number:** 120

14.2 In Accordance with IMDG

**Proper Shipping Name:** CARBON DIOXIDE, REFRIGERATED LIQUID  
**Hazard Class:** 2.2  
**Identification Number:** UN2187  
**Label Codes:** 2.2  
**EmS-No. (Fire):** F-C  
**EmS-No. (Spillage):** S-V

14.3 In Accordance with IATA

**Proper Shipping Name:** CARBON DIOXIDE, REFRIGERATED LIQUID  
**Identification Number:** UN2187  
**Hazard Class:** 2  
**Label Codes:** 2.2  
**ERG Code (IATA):** 2L

14.4 In Accordance with TDG

**Proper Shipping Name:** CARBON DIOXIDE, REFRIGERATED LIQUID  
**Hazard Class:** 2.2  
**Identification Number:** UN2187  
**Label Codes:** 2.2
